Facebook Post for August 4: Today we worked on 6 houses. We painted a kitchen, cleaned gutters at 5 houses; painted a fence; installed new front porch railings at a house; painted 2 security doors, window sills and a front porch; and scraped and painted a garage. It was HOT today but it was a great day!

Porch Steps, Before and After (

Facebook, August 5: We worked on 6 homes today. Here is the run-down:

Cleaned gutters at 4 houses; painted a front porch; installed 2 carbon monoxide detectors and did yard work at one house; installed 2 smoke detectors at another house; painted front rails and garage at one of the houses; painted back porch and rails at another; painted front porch, security door and decorative rails at one house; and caulked and yard work at another.

Neighbors fixed a bbq picnic for the crew.

Pam and Rebecca relaxed for a minute with a happy homeowner.

Amanda and Laurie enjoy swing time.
